

Optimize → Implement → Sustain

One partner across the whole arc, with a **built-in value story** that runs from first discovery call through hyper-care. You keep the relationship. Align does the delivery.

0 PHASE ZERO Quick Optimization Analysis

FREE to the customer

5 to 10 business days

- ✓ Current-state HCM and WFM assessment
- ✓ Process and compliance audit
- ✓ Technology fit analysis across UKG modules
- ✓ ROI and business case with quantified value
- ✓ Phased implementation roadmap
- ✓ Executive presentation to stakeholders

WHAT'S IN IT FOR MY CUSTOMER?

A risk-free look under the hood. **No commitment.** They keep the roadmap and business case whether or not they buy.

1 PHASE ONE UKG Implementation

Standard SOW pricing

12 to 26 weeks typical

- ✓ Scope informed by the QOA, no surprises
- ✓ Full Align project team (PM plus consultants)
- ✓ Config, data migration, integrations, UAT
- ✓ Parallel payroll where applicable
- ✓ Change management and user training
- ✓ Go-live support and formal sign-off

WHAT'S IN IT FOR MY CUSTOMER?

An implementation partner who already knows their environment from the QOA. **Less rework, faster time to value, fewer change orders.**

2 PHASE TWO SmartCare 60-Day

Included at no charge

60 calendar days

- ✓ Dedicated SmartCare analyst assigned
- ✓ Break/fix triage and resolution
- ✓ Configuration adjustments
- ✓ End-user and admin Q&A support
- ✓ Day 30 and Day 55 optimization check-ins
- ✓ Transition-to-BAU knowledge transfer

WHAT'S IN IT FOR MY CUSTOMER?

Peace of mind through go-live, from the team that built it. **80% of post-go-live issues surface in the first 60 days.** Those are covered.

WHY ATTACH ALIGN

- ✓ **12+ years of UKG and Kronos DNA.** Pro, Pro WFM, Workforce Central, Ready, SmartCare.
- ✓ **Canadian enterprise focus.** Payroll compliance, multi-province, bilingual delivery.
- ✓ **The free QOA drops the barrier to entry.** Your customer says yes to a conversation, not a contract.
- ✓ **60 days of SmartCare de-risks go-live** and seeds long-term managed services revenue.
- ✓ **Deep vertical bench.** Manufacturing, retail, healthcare, energy, financial services.

YOUR 30-SECOND TALK TRACK

“I'd like to bring in our implementation partner, Align HCM. They'll run a complimentary optimization analysis on your current environment. **No cost, no commitment.** You'll get a clear picture of where you are, a quantified business case, and a phased roadmap. If you decide to move forward, they implement it and include 60 days of managed support to make sure you're stable. It's the smoothest on-ramp to UKG I can offer you.”

✓ No cost

✓ No commitment

✓ 60 days included

IDEAL CUSTOMER PROFILE

COMPANY SIZE **500 to 15,000 employees.** Canadian enterprise is the sweet spot, but the program works across all segments.

CURRENT HCM Legacy UKG (Workforce Central, Kronos), a competing HCM platform, or fragmented point solutions held together by manual workarounds.

BUYING SIGNALS

Platform sunset M&A integration
Compliance event Payroll consolidation
ERP go-live Renewal window

DECISION MAKER

VP HR, CHRO, or CFO with allocated or allocable HCM budget and willingness to engage inside 90 days.

"They know they have a problem, but they aren't sure where to start."

That is exactly what the free QOA solves.

OBJECTION HANDLING

"Why is the assessment free?"

Align invests in the QOA because it makes them a better implementation partner. They go in with their eyes open instead of discovering surprises mid-project. **That saves everyone time and money.**

"What's the catch?"

No catch. If the assessment says stay put, they shake hands and walk away. But every QOA they have run surfaced **3 to 5 high-impact opportunities** the customer didn't know they were leaving on the table.

"We already have support."

SmartCare isn't generic support. It's a dedicated team that knows the customer's configuration **because they built it.** The 60-day inclusive period lets them feel the difference before committing.

"Why only 60 days?"

60 days covers the hyper-care window where 80% of post-go-live issues surface. **Most customers convert to a paid subscription** because they see the ROI by Day 30.

"We're not ready for a full project."

That is exactly the right time for a QOA. It's a zero-risk way to build the business case and get clarity on scope, timeline, and budget **before any commitment.**

YOUR DEAL FLOW, FROM FIRST CONVERSATION TO MANAGED SERVICES

STEP 1 Identify & Qualify

Spot an account in your book that matches the ICP. Flag it for the program.

STEP 2 Introduce Align

Run the 30-second talk track. Position the free QOA as a no-risk next step.

STEP 3 QOA Delivery

Align runs it in 5 to 10 days. You stay in the loop. Findings are co-presented.

STEP 4 Proposal & Close

QOA findings drive the SOW. Align builds the proposal. You close the deal together.

STEP 5 Implementation

Align delivers. You check in at milestones. Go-live triggers the SmartCare handoff.

STEP 6 SmartCare 60-Day

60 days of included support. Day 45 conversion to a paid subscription. Customer retained.

Ready to attach Align?

Contact your Align HCM partner manager to nominate an account for a QOA. We'll take it from there.
