Omega Landscaping
MOMENTUM 360 WEEKLY PERFORMANCE REPORT

EXECUTIVE SUMMARY

Omega Landscaping's active Colorado Springs Performance Max campaign spent \$271.93 in the July 20-July 26 window. It delivered 1,492 impressions, 71 interactions, 45 clicks, and one Google-counted conversion event. The event remains a platform signal until it is reconciled to a named call, form, inbox, or CRM record.

CAMPAIGN OBJECTIVE

Keep Colorado Springs demand concentrated in the active campaign while validating the Google-counted event before changing budget.

KPI HIGHLIGHTS
Performance Highlights

- All confirmed delivery remained concentrated in the intended Colorado Springs Performance Max campaign.
- The campaign generated 71 interactions and 45 clicks from 1,492 impressions.
- Google recorded one conversion event for downstream reconciliation.

KPI UPDATES
Reporting Snapshot

- KPI DETAIL 1 > Updated Omega to the verified July 20-July 26 Google Ads totals.
- KPI DETAIL 2 > Preserved the standard Momentum 360 reporting dashboard and Omega client logo.
- KPI DETAIL 3 > Separated the Google-counted event from named-lead validation.

KPI CONTEXT

KPI Notes

Additional KPI context for spend, traffic, tracked results, and cost per result.

- KPI NOTE 1
The Google-counted event is not yet tied to a named lead or project outcome.
- KPI NOTE 2
Budget changes should wait for call, form, inbox, and CRM reconciliation.
- KPI NOTE 3
Platform count alone should not be treated as a closed landscaping job.
