need momentum?

POSITIONING BRIEF · FOR CLAUDE DESIGN

FOUR LANES. ONE MACHINE.

Momentum built the machine. Now we build yours. For established local service businesses that already have demand but lose it to unread sites, slow follow-up, and disconnected tools.

ICP

WHO WE SELL FIRST

Philadelphia-region service owners already tied to Momentum. Named buyer. Live site. Existing lead source. One repeated costly handoff. An employee owns adoption.

Not first: cold Erie lists, healthcare or legal case records, ranking guarantees, no operator.

OPENER THAT WORKS

AUDIT, NOT BLAST

241 cold emails, 0 verified human replies. Two hand-built audits, two quotes. The Snapshot is the product Mac asked for on August 12.

FIVE-VALUE MAP

01

GET FOUND BY AI

Crawlers can read the site. The business is typed as what it is. Twenty buyer questions, measured. No ranking promise.

02

SEE IT IN FIVE DAYS

A working prototype from the client's verified logo and first-party facts. A prototype is a prototype.

03

CONTENT THAT MOVES

Monthly film and stills. Rights ledger. Logo never model-drawn. Credits at cost.

04

EVERY LEAD HAS A RECEIPT

One intake, one destination, dedupe, exception queue, reply draft, thirty named cases.

05

HOURS PER CLIENT IS AN ACCEPTANCE METRIC

Every offer ships with its agent. An AI division whose product is Dillon's hours is not an AI division.
