Fagan Painting

Organic growth, service pages, and AEO direction

REPORT STATUS

Organic work advanced; paid-media activity remains closed

WEEKLY SIGNAL

Fagan's work this week shifted decisively toward organic growth: two service-area pages were published, new service and FAQ pages were advanced, and the next AEO and GEO direction was clarified while paid media remained off.

What we completed this week

WEEKLY
READ

- Kept the historical Meta closeout separate from the current organic-growth report.
- Published North Hills and Highland Park service-area pages and continued the FAQ and service-page structure work.
- Advanced the multifamily, exterior, interior, and FAQ page system for clearer residential and commercial intent.
- Clarified the next AEO and GEO direction and prepared the Aug 11 client conversation around the next approved scope.

Primary goal

NEXT ACTION WINDOW

Continue the approved organic and AI-search work, strengthen service-page structure, and use the Aug 11 meeting to confirm the next production scope.

Next planning period

August 2026

EXECUTIVE ANALYSIS

The latest organic snapshot shared during the week showed 512 ranking keywords and 39 terms in the top ten, up from the prior comparison. The work now needs to turn that visibility into more organic inquiries.

Paid advertising remains closed. The current client-safe story is organic page production, answer-ready structure, and a clear next-phase discussion.

Channel performance

Aug 3 to Aug 9 activity and results by channel.

Organic search

Active · weekly update

The team reported 512 ranking organic keywords and 39 top-ten terms in the latest closeout, along with two published service-area pages.

Keywords	Top 10	Area pages	Organic lead	
512	39	2	Reported	
Workstream / campaign	State	Spend / scope	Delivery	Signal
North Hills service area	Live	—	Page published	Organic structure
Highland Park service area	Live	—	Page published	Organic structure

Meta Ads

Closed · no current delivery

The paid-media lane remains off. The weekly report does not treat the historical July closeout as current-week delivery.

Status	Spend	Leads	Next	
Off	Not current	Historical	Organic	
Workstream / campaign	State	Spend / scope	Delivery	Signal
Paid-media lane	Closed	—	No current delivery	Organic focus
AEO / GEO	Scoping	—	Next phase	Meeting Aug 11

Weekly summary: Organic work advanced; paid-media activity remains closed.

Weekly results and work completed

The current weekly read separates the latest organic-search snapshot from historical paid-media activity.

Lead accounting: The paid-media baseline is historical and is not treated as Aug 3 to Aug 9 delivery. Organic-search signals and client work are reported separately.

Media results

The weekly evidence is an organic-search snapshot and page-production update. No current paid-media delivery is claimed.

Business results

A new organic lead was reported in the team update, but broader lead quality and booked-estimate outcomes were not reconciled here.

Next reporting focus

Track page visibility, AI-search citations, organic landing-page activity, and inquiry quality as the new service structure is released.
