What we completed in August

AUGUST
RECAP

- Delivered weekly paid-media reports with Google and Meta kept as separate evidence lanes.
- Prepared private lead handoffs so contact details stayed out of shared client reporting.
- Maintained the Higher Intent Meta form and its qualification fields to improve inquiry quality.
- Mapped the inquiry-to-appointment follow-up path so September decisions can use boutique outcomes.

Primary goal

SEPTEMBER PLAN

Connect every paid inquiry to contact and appointment outcomes, then use appointment quality to guide September budget and creative decisions.

EXECUTIVE ANALYSIS

Google Search produced a stable full-month traffic signal at \$3.66 per click. The cost is efficient for the category, while appointment quality remains the decision metric that matters most.

The Meta evidence is useful but incomplete for the full month: Aug 3–9 recorded two leads at \$34.40 per lead and Aug 17–23 recorded nine leads at \$7.72 per lead. Those windows are not represented as a complete monthly total.

August summary: Full-month Google delivery verified; Meta evidence covers two confirmed weekly windows.

Industry comparison: **18% lower** August Google CPC than the 2026 Apparel / Fashion & Jewelry search benchmark of \$4.44.

August results and work completed

Platform activity is separated from qualified business outcomes.

Lead accounting: Platform activity is reported separately from qualified inquiries, appointments, estimates, bookings, and revenue. Conversion reporting remains pending validation wherever the exact action definition, attribution window, or downstream outcome is not fully reconciled.

Media results

Google delivered 138 clicks on \$504.49 in full-month spend. Two verified Meta windows delivered 11 paid form leads.

Business results

Contact, consultation, and booked-appointment outcomes are not yet reconciled to the monthly platform activity.

August reporting focus

Match each inquiry to contact and appointment status, then evaluate budget and form quality from booked-consultation evidence.
